

Salamieh City Platform for Justice and Democracy

One Syrian People

We congratulate all Syrians on their liberation from the oppressive regime that has burdened them for many years.

We call on all Syrian and international parties to help consolidate stability and lasting peace in Syria, respect the rights of all Syrian components in the political and transitional process, and support the values of rights, freedom, and democratic work.

We also urge friends of the Syrian people to develop a comprehensive vision for reconstruction, reparations, and expediting work on humanitarian files related to the families of the missing and forcibly disappeared throughout the country.

The Salamieh City Platform for Justice and Democracy calls on all local and international organizations to activate the mechanisms of pursuit in order to achieve a path of justice and accountability for those who have committed war crimes on Syrian lands, including local elements and regional states.

Recommendations of the Salamieh City Platform for Justice and Democracy:
